2003 Trade Capacity Building Assistance (\$US)*

***NIGERIA***

<b>Activity Title</b>	<b>Activity Description</b>	<b>TCB Category</b>	<b>FY 03 Total</b>
<b>Nigeria - Trade Capacity Building</b>	The Commercial Law Development Program (CLDP) program served as a catalyst for the reform in Nigeria's public procurement process, assisting the Government of Nigeria with drafting provisions for a legal framework establishing a new Public Procurement Commission (PPC). CLDP also assisted in the drafting of substantive procurement legislation and regulations based on the United Nations Commission on International Trade Law (UNCITRAL) Model Law, U.S. law and international best practices. The changes embarked on by the government of Nigeria could result in the most far-reaching anti-corruption regulations in Nigeria to date. Funded by USAID and implemented by Department of Commerce/CLDP.	Agreement on TRIPs	190,000
		Agreement on Gov't Procurement	76,000
		Gov/Transparency & Inter-Agency Coord.	114,000
		<b>Activity Total</b>	<b>380,000</b>
<b>Promoting Democracy through Fundamental Principles and Rights at Work</b>	The objective of this project is to strengthen democracy and social and economic development in Nigeria by promoting fundamental principles and rights of men and women at work and tripartism among government, employers and workers' organizations. Activities include: (1) facilitating a review of existing labor legislation; (2) equipping and training officials on survey methods and statistical gathering and reporting; (3) creating a computerized database for labor inspection reports; (4) training trainers in labor inspection; (5) training trainers in collective bargaining; and (6) training trainers in gender mainstreaming and developing gender sensitive policies. Funded and implemented by Department of Labor/ILAB.	Human Resources & Labor Standards	<b>1,000,000</b>
<b>Support for Communications Infrastructure: NIS Corporation</b>	The project involves the development of a broadband VSAT network in Lagos and Abuja, Nigeria. (A VSAT is a small-sized telecommunications earth station that transmits and receives via satellite.) The network will support high-speed Internet access, prepaid telephony, and video conferencing. Funded and implemented by Overseas Private Investment Corporation (OPIC).	E-Commerce & IT	<b>80,462</b>
<b>Support for Infrastructure: AES Nigeria Holdings</b>	This project is for an electricity generating plant in Nigeria. Funded and implemented by Overseas Private Investment Corporation (OPIC).	Physical Infrastructure Development	<b>8,046,221</b>
<b>Treasury International Affairs Technical Assistance (TIATA) Program</b>	The Government Debt Team from the Treasury Department is providing resident and intermittent advisors to the Government of Nigeria. Funded and implemented by Department of Treasury.	Financial Sector Dev. & Good Governance	<b>227,250</b>
<b>Total FY03 USG Trade Capacity Building Assistance to Nigeria</b>			<b>9,733,933</b>
