2004 Trade Capacity Building Assistance (\$US)
ARGENTINA

Activity Title	Activity Description	TCB Category	FY 04 Total
Support for Refinery Expansion	The project will finance the construction of the first of possibly ten compact, modular refining facilities in Argentina. The refineries will collect and refine used lubricating oil into distillate and fuel oil products. The distillate will be blended in various grades of marine fuel while the fuel oil will be sold as an alternative fuel for the cement making process. Contractor is Bravo Energy Latin America LLC. Funded and implemented by Overseas Private Investment Corporation (OPIC).	Physical Infrastructure Development	46,080
Total FY04 USG Trade Capacity Building Assistance to Argentina			46,080
