Support for Marketing Cashews for Export	The project involves the formation of a formal partnership between R.O.T.A. International, LLC ("ROTA") and Agri-Bissau, a Guinea-Bissau based cashew plantation, to purchase raw cashews. It will also make purchases from two Community Grower Groups (CGG) which represent small independent growers. The project will shell, process and package organic cashews for export to the United States to be sold under ROTA's label, Crown Cashews. Funded and implemented by Overseas Private Investment Corporation (OPIC).	Export Promotion	438,208
