| Activity Title | Activity Description | TCB Category | FY 05 Total |
|---|---|---|--------------------|
| Expanded Natural Resource Management - Improved Marketing | This activity is in support of developing commercial quality agriculture exports and natural forest products and assisting in market identification. The project will assist farmers and community groups in investing in more profitable, less destructive agricultural practices by improving natural resource management capacity, increasing sustainable farm production and productivity, and developing income-generating, non-farm small enterprises. By working with communities to empower local decision-making for agriculture marketing and production, improved natural resources management practices, and non-farm income producing activities. By providing information and new skills, project participants can make informed decisions to sustain and protect their livelihood and resource base.
