2005 Trade Capacity Building Assistance (\$US)
GUINEA-BISSAU

Activity Title	Activity Description	TCB Category	FY 05 Total
Guinea Bissau Cashew Program	The Guinea Bissau Cashew Program assists local small and large scale cashew shelling operations to increase their exports of high quality shelled cashews to Europe and the West African Region. The program will aim to export to the United States in the future. Funded and implemented by USAID/Senegal.	Export Promotion	150,000
		Trade-Related Agriculture	150,000
		Activity Total	300,000
Private Participation in Cashew Production and Processing	This activity supports cashew quality improvement through superior planting material, production methods, and training of local enterprises in the skills necessary to produce and process nuts to very demanding worldwide quality standards to make Guinea-Bissau's cashew production more competitive on the international market- (1) Development of strengthened market links to consuming countries through direct contact with European and US buyers and (2) Implementation of an approach that trains local investors – equipment manufacturers, cashew nut producers, processors, and exporters – to do business with one another so that at the end of the project the activities promoted by the project – equipment supply, cashew production, processing, and marketing – will be sustainable. Funded and implemented by USAID/GDA.	Export Promotion	120,000
		Business Services & Training	30,000
		Trade-Related Agriculture	150,000
		Activity Total	300,000
