Activity Title	Activity Description	TCB Category	
Border Security: Compliance Program Customization for Croatia	Promotes border security and customs operations by supporting the ability of Croatia to enforce export controls. This activity is support for the customization of the industry compliance program. This workshop, known as the IG 3.2.1 Industry Internal Control Program Workshop, addresses Internal Control Program (ICP) understanding and incorporation in a government export control system. It considers methods and mechanisms to encourage adoption of ICPs at the industry level. The first line of defense against unauthorized exports is at the company level. This workshop will provide the necessary materials and information that foreign governments can provide their industry with to develop an effective internal control program on exports and therefore be in voluntary compliance with the export control policies of each individual country. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program. Funded by Department of State and implemented by Department of Commerce.
