<b>Afghanistan Bank Networking Project</b>	The objective of this project is to assist the central bank in establishing a computerized network that connects its headquarters with all of its branches, thereby establishing a national payment system. Accomplishments: (1) 35 branches are equipped and connected for internet-based payments and communications. Of these, 31 are fully functioning with the inter-branch payments system, Afghan Funds Transfer System (AFTS), and are using the computerized branch accounting system (BAS). (2) The number of AFTS transactions increased from 3,417 transactions and 31,790 billion Afs to 6,550 transactions involving 53,116 billion Afs from the period Jun 2004 - May 2005 and June 2005 - May 2006. (3) The central bank reserves have grown to \$2.0 billion.	Financial Sector Development and Good Governance	4,869,133

<b>Afghanistan Civil Aviation Assistance Team</b>	Assistance to the Ministry of Transport to rebuild the Afghanistan Civil Aviation System.	Physical Infrastructure Development	1,000,001	
		Activity Total TCB for Afghanistan	1,000,001	
<b>Afghanistan National Innovation and Competitiveness Program</b>	The purpose of this US Agency for International Development cooperative agreement is to build the competitiveness of the Afghan economy through specific strategies for key industry clusters and general outreach and technical training on competitive business practices through the creation of a national innovation and competitiveness unit, which will develop competitive strategies and implementation plans for three priority clusters in the Afghan economy over two years. These strategies will serve as both concrete plans to expand the economic impact of key sectors of the economy and they will serve as models for how other clusters in the Afghan economy can develop competitive strategies to compete globally. <b>Afghanistan State Owned Enterprises Privatization and Land Titling Project</b>	This project promotes a new property rights regime in Afghanistan through the privatization of state-owned enterprises and the development of pilot experiences to design best practices for establishing land rights. Accomplishments: (1) Conducted two pilot projects in informal settlements in the City of Kabul, in Districts 7 and 13, focusing on new methodologies for formalization of property rights in informal settlements. (2) Completed the reorganization and cataloging of property records in sixteen provinces. (3) Assisted the Ministry of Finance with preparation and approval of policy, legislation and procedures to enable privatization of state-owned enterprises. (4) Prepared valuation reports for 46 of

<b>Assessment of Proposed Reconstruction Opportunity Zones</b>	U.S. government agencies are sponsoring a study to help officials make informed decisions on the possible scope for Reconstruction Opportunity Zones (ROZs) with the view of implementing the program through legislation to be introduced in 2007. President Bush publicly announced in Islamabad that the United States would seek legislation to create ROZs in vital areas of Pakistan and Afghanistan. Goods produced within the ROZs could enter the U.S. duty-free if imported directly. Although there will certainly be differences, the Qualifying Industrialized Zone (QIZ) program for Israel, Egypt and Jordan presents an example of how ROZs might function in developing and further promoting regional economic integration.
