Accelerating Economic Recovery in Asia	This program, in support of a US-Thai Free Trade Agreement, includes workshops and a study tour to the United States on the topic of development and management of small business incubators. It also supports a series of workshops on logistics and a conference on financing small medium enterprises. The goal is to help small businesses recover from the tsunami, and support entrepreneurship and business management training, software development and marketing assistance to the hotel and tourism sector in southern Thailand. In addition, work on a series of practical, private sector-oriented activities started to provide increased trade capacity to the private sector packaged-food producers in ASEAN. The key was to build business skills and trade capacity rather than production capacity, focusing on meeting international sanitary, labeling and packaging standards, disseminating information on marketing and branding and linking to global supply chains.
