

Table 1. Jordan Trade Capacity Assistance for 2006 and 2007

| Activity Title | Activity Description | TCB Category | FY06 Total | FY07 Total |
|--|---|---|------------|------------|
| Achievement of Market Friendly Initiatives and Results - Jordan | Achievement of Market Friendly Initiatives and Results (AMIR 2.0) is a broad technical assistance program designed to assist Jordan to improve its economic environment. AMIR helped to liberalize the telecommunications and information technology (IT) sectors, as well as expand capital markets in Jordan. | Regional Trade Agreements (RTA) | 257,509 | |
| | | Financial Sector Development and Good Governance | 1,995,686 | |
| | | E-commerce Development and Information Technologies | 2,575,079 | |
| | | Customs Operation and Administration | 1,158,786 | |
| | | Business Services and Training | 386,263 | |
| | | Agreement on Gov't Procurement | 64,378 | |
| | | Activity Total TCB for Jordan | 6,437,696 | |
| Adjudicating Business Disputes Affecting Small and Medium-Sized Enterprises | The U.S. Embassy in Jordan proposed to conduct, in close cooperation with the Jordanian Ministry of Justice and with the Judicial Institute of Jordan (JIJ), a pilot project of judicial education. Since small and medium-sized enterprises (SMEs) are the main growth engine of the Jordanian economy, the pilot project will be focused on developing skills required for Jordanian judges to efficiently and consistently adjudicate disputes that affect SMEs in Jordan. In April, Commercial Law Development Program (CLDP) officials traveled to Jordan to meet with potential advisors and the Jordanian judges selected to participate in the pilot project. | Governance/Transparency and Inter-Agency Coordination | 20,001 | |
| | | Activity Total TCB for Jordan | 20,001 | |
| Adjudicating Disputes Related to International Contracts/Letters of Credit | Participants in the workshop learned about Algerian laws that govern the resolution of disputes related to international contracts and to letters of credit, international treaties or conventions Algeria is a party to that govern the resolution of disputes related to international contracts and to letters of credit, and the cause and the nature of the main types of disputes related to international contracts and to letters of credit. Additionally, they were instructed on the key principles of international merchant law and how to enforce arbitral awards and resolve the most common disputes related to international contracts. | Governance/Transparency and Inter-Agency Coordination | 20,001 | |
| | | Activity Total TCB for Jordan | 20,001 | |
| Aqaba Zone Economic Mobilization | This activity supports the Aqaba special economic zone in its mission to expand economic development in southern Jordan. | Tourism Sector Development | 240,001 | |
| | | E-commerce Development and Information Technologies | 60,001 | |
| | | Customs Operation and Administration | 300,001 | |
| | | Competition Policy and Foreign Investment | 360,001 | |
| | | Business Services and Training | 240,001 | |
| | | Activity Total TCB for Jordan | 1,200,001 | |

Table 1. Jordan Trade Capacity Assistance for 2006 and 2007

| Activity Title | Activity Description | TCB Category | FY06 Total | FY07 Total |
|--|---|---|------------|------------|
| Business Development Center | This activity provides support to small- and medium- sized firms to modernize and improve their competitiveness to move into higher value sectors over the long-term. It assists small- medium- sized enterprises to take advantage of the U.S.- Jordan Free Trade Agreement. The project also provides internship opportunities to university graduates that match private sector needs. | Human Resources and Labor Standards | 100,001 | 84,023 |
| | | Export Promotion | 200,001 | 168,045 |
| | | E-commerce Development and Information Technologies | 100,001 | 84,023 |
| | | Business Services and Training | 600,001 | 504,133 |
| | | Activity Total TCB for Jordan | 1,000,001 | 840,221 |
| Container Inspection Training and Assistance | Promotes border security and customs operations by organizing a workshop to support the ability to implement container inspections for export controls. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program, the premier initiative by the U.S. Government to help other countries improve their export control systems. | Customs Operation and Administration | | 50,001 |
| | | Activity Total TCB for Jordan | | 50,001 |
| Customs Administration Modernization Program | The Customs Administration Modernization Program is helping Jordan Customs to upgrade its information and communications technology (ICT) infrastructure, and is integrating all commercial (non-security) border procedures into a streamlined "single-window" facility. The Program is also strengthening the skills and knowledge of Jordan Customs officials and is facilitating communication and cooperation between Jordan Customs and private sector entities engaged in trade. | Customs Operation and Administration | | 8,500,001 |
| | | Activity Total TCB for Jordan | | 8,500,001 |
| Energy Infrastructure Support - Jordan | This project will install, maintain, and distribute liquefied petroleum gas (LPG) and related systems for commercial users. The project will have a strong impact on Jordan's power infrastructure. Since there are currently no central gas distribution systems in Jordan, this project will not only improve the country's power distribution infrastructure, but will also give life to an entirely new sector. | Physical Infrastructure Development | | 132,651 |
| | | Activity Total TCB for Jordan | | 132,651 |
| Financial Sector Development in Jordan: Banking | Technical assistance to the Government of Jordan in the financial sector and specifically for the Central Bank, Deposit Insurance Corporation, Commercial Banks, Agricultural Credit Corporation, Jordan Mortgage Refinance Corporation and the Bankers Association. | Financial Sector Development and Good Governance | 200,001 | |
| | | Activity Total TCB for Jordan | 200,001 | |
| Financial Sector Development in Jordan: Debt Management | Works with the Ministry of Finance in Jordan as it: develops a transparent national debt management strategy and the plans to implement it, develops capacity for debt management, establishes a structure and procedures for primary market issuance, enhances public disclosure, establishes regular communication with market participants, and undertakes other market-enhancing initiatives. Additionally, the advisor provides technical assistance to the Central Bank of Jordan regarding debt issuance and management policy, institutional coordination, and other topics, as appropriate. In addition the advisor assists the private sector as it works towards the enhancement of the secondary market for Government instruments. | Financial Sector Development and Good Governance | 500,001 | |
| | | Activity Total TCB for Jordan | 500,001 | |

| Activity Title | Activity Description | TCB Category | FY06 Total | FY07 Total |
|--|---|--|------------------|------------------|
| Infrastructure Development - Jordan | This activity is helping to develop and construct a 370 megawatt gas/oil-fired electric power plant. The electricity produced by this project is expected to cost less and be more reliable than electricity previously produced by the state-owned power company. | Physical Infrastructure Development | | 3,674,839 |
| | | Activity Total TCB for Jordan | | 3,674,839 |
| Inspection and Detection Equipment | This activity promotes border security and customs operations by supporting the ability to administer an international border interdiction program. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program, the premier initiative by the U.S. government to help other countries improve their export control systems. | Customs Operation and Administration | 1,115,001 | 276,001 |
| | | Activity Total TCB for Jordan | 1,115,001 | 276,001 |
| Jordan Economic Development | The Jordan Economic Development project is a five-year broad economic development initiative supporting improvements in the business environment and providing assistance to expand innovation and productivity in Jordanian businesses. | Other Trade Facilitation | | 620,001 |
| | | Governance/Transparency and Inter-Agency Coordination | | 930,001 |
| | | Financial Sector Development and Good Governance | | 155,001 |
| | | Export Promotion | | 465,001 |
| | | Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS) | | 930,001 |
| | | Activity Total TCB for Jordan | | 3,100,001 |
| Jordan Tourism Development | The Jordan Tourism Development project supports the implementation of Jordan's National Tourism Strategy (2004-2010). The strategy, developed by a public-private sector partnership, aims to double the tourism industry through intensified marketing and promotion, an integrated approach to human resource and product development, and institutional and regulatory reform. | Tourism Sector Development | | 430,001 |
| | | Activity Total TCB for Jordan | | 430,001 |
| Maritime Crisis Management Seminar | Promotes border security and customs operations by providing training on waterside port security for export controls. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program, the premier initiative by the U.S. Government to help other countries improve their export control systems. | Customs Operation and Administration | | 50,001 |
| | | Activity Total TCB for Jordan | | 50,001 |

| Activity Title | Activity Description | TCB Category | FY06 Total | FY07 Total |
|---|--|---|------------|------------|
| NEPCO Reactive Compensation and Transmission Loss Reduction | The United States Trade and Development Agency (USTDA) is funding a grant to the state-owned National Electric Power Company (NEPCO) of Jordan to fund a feasibility study to evaluate and construct an optimal planning approach to reduce transmission loss and manage reactive power sources for existing transmission lines in the country. This project would promote trade capacity building in Jordan by improving the physical infrastructure used in electrical power transmission and increasing the manufacturing capacity of Jordan by expanding power transmission to meet industrial demands. | Physical Infrastructure Development | 79,001 | |
| | | Other Trade Facilitation | 79,001 | |
| | | Activity Total TCB for Jordan | 158,001 | |
| Oil Shale Resources Development | This grant to the Jordanian Ministry of Planning and International Cooperation, acting through the Ministry of Energy and Mineral Resources, will fund the cost of Technical Assistance (TA) related to the development of oil shale resources in Jordan. The objective of the TA is to analyze the current state of shale oil extraction and recovery technologies and to apply the best international expertise to the development of a shale oil industry in Jordan. The establishment of a Jordanian oil shale sector would significantly reduce the reliance of the country on imported oil, spur economic development in its rural regions, and create opportunities for employment. | Physical Infrastructure Development | 186,001 | |
| | | Export Promotion | 124,001 | |
| | | Activity Total TCB for Jordan | 310,001 | |
| Support for Manufacturing Development - Jordan | This project will expand the manufacturing capabilities of a Jordanian appliances facility, and establish a new production line for semi-automatic washing machines (for LG) to be sold throughout the region. | Export Promotion | | 40,501 |
| | | Activity Total TCB for Jordan | | 40,501 |
| Technical Assistance: Financial Enforcement - Jordan | The Office of Technical Assistance's Financial Enforcement Program provides assistance to countries in the development of legal foundations, policies, and anti-corruption entities to address these problems. The work is conducted in three core areas: 1. Combating money laundering, terrorist financing and other financial crimes, 2. Confronting organized crime and corruption, and 3. | Governance/Transparency and Inter-Agency Coordination | | 323,419 |
| | | Activity Total TCB for Jordan | | 323,419 |
| The Judiciary and SMEs that Encounter Temporary Difficulties | The three-day workshop organized by the Commercial Law Development Program (CLDP) focused on bankruptcy, the role of mediation, and the process of reorganizing businesses. The group of 13 Jordanian judges participated in discussions of how to apply current Jordanian bankruptcy law and how planned reforms could change the law. | Financial Sector Development and Good Governance | | 13,726 |
| | | Competition Policy and Foreign Investment | | 13,726 |
| | | Activity Total TCB for Jordan | | 27,451 |
| Waterside Port Security Course | Waterside Port Security Course in Yemen | Customs Operation and Administration | | 50,001 |
| | | Activity Total TCB for Jordan | | 50,001 |
