

Table 1. Malaysia Trade Capacity Assistance for 2006 and 2007

Activity Title	Activity Description	TCB Category	FY06 Total	FY07 Total
Advanced Regulatory Workshop in Malaysia	Promotes border security and customs operations by supporting the ability of Malaysia to enforce regulations. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program, the premier initiative by the U.S. Government to help other countries improve their export control systems. The EXBS program takes a regional and multilateral approach, promoting harmonization of national export control systems with international standards and facilitating information-sharing agreements among nations. The program also organizes a number of regional fora to bring national policymakers and technical experts together to share information and best practices.	Customs Operation and Administration	100,001	
		Activity Total TCB for Malaysia	100,001	
End Use/End User Training	Promotes border security and customs operations by supporting the ability to enforce export controls.	Customs Operation and Administration		80,001
		Activity Total TCB for Malaysia		80,001
Government/Industry Outreach	Promotes border security and customs operations by supporting the ability to implement a national control list for export controls. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program, the premier initiative by the U.S. Government to help other countries improve their export control systems.	Customs Operation and Administration		147,951
		Activity Total TCB for Malaysia		147,951
International Seaport Interdiction Training	This activity promotes border security and customs operations by supporting the ability to implement an international seaport interdiction system. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program, the premier initiative by the U.S. government to help other countries improve their export control systems.	Customs Operation and Administration	120,001	
		Activity Total TCB for Malaysia	120,001	
Legal and Regulatory Training	This activity promotes border security and customs operations by organizing a workshop to support the ability to implement effective laws and regulations for export controls. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program, the premier initiative by the U.S. government to help other countries improve their export control systems.	Customs Operation and Administration		92,051
		Activity Total TCB for Malaysia		92,051
Licensing Workshop in Malaysia	Promotes border security and customs operations by improving the ability of Malaysia to operate a licensing system. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program, the premier initiative by the U.S. Government to help other countries improve their export control systems. The EXBS program takes a regional and multilateral approach, promoting harmonization of national export control systems with international standards and facilitating information-sharing agreements among nations. The program also organizes a number of regional fora to bring national policymakers and technical experts together to share information and best practices.	Customs Operation and Administration	100,001	
		Activity Total TCB for Malaysia	100,001	
Malaysia Training Module	The United States has identified biotechnology as an area of interest in free trade agreement negotiations with Malaysia. To supplement the negotiations, the United States plans to present targeted training activities aimed at constructively addressing priority biotechnology interests. Training will include workshops on risk communication, intellectual property rights and technology transfer, as well as food and environmental safety.	Trade - Related Agriculture	34,352	
		Activity Total TCB for Malaysia	34,352
