<b>Peru-Ecuador Border Region Development</b>	The Peru-Ecuador Border program achieves economic integration of the border region through increased international trade and investment. Economic activity in the border region is generated mostly through informal micro and small enterprises. The lack of infrastructure and the absence of financial and non-financial services for small businesses hinder economic opportunities for the border populations, which are among the poorest in the country. The Peru-Ecuador Border Program efforts are directed at improving the business environment, increasing access to key economic infrastructure and financial services, and enhancing the competitiveness of small enterprises.
