Intellectual Property Foreign Criminal Enforcement Training and Technical Assistance	This spending responds to a Congressional soft earmark directing the Department (INL) to fill a gap in govt-to-govt criminal enforcement training to build capacity of foreign law enforcement to cooperate with the USG in combating IPR theft. The earmark has been put in annually at the instance of key US industry rights holders who believe strong government-to-government involvement in training was a 'missing link' that needed to be filled to counter increasingly sophisticated transnational crime. Paraguay Description for 2008: Tri-Border of South America \$200,000 DOJ and PTO IPR enforcement training for law enforcement in Argentina, Brazil, Paraguay, Chile and Peru focused on regional approaches to confronting rampant IPR piracy in the Tri-Border region.
