<b>Partnerships to Enhance Rural Enterprise and Agribusiness Development</b>	The Sustaining Partnerships to enhance Rural Enterprise and Agribusiness Development (SPREAD) is a 5 year project (2006-2011) targeting export oriented agribusinesses involved in specialty coffee, chili pepper, and ethnic food by providing them with sustainable technical assistance in order to increase incomes and improve livelihoods. Expected results include: increased prices and sales of the selected commodities and expanded capacity building in the value chains. Rwanda Description for 2008: Rwanda, with 26,338 km <sup>2</sup> , is home to more than 9 million people and is the most densely populated country in Africa. While gains have been made in reducing poverty over the last years, it is still pervasive with at least 60% of the Rwandan population under the poverty line. 80-90% of the current population is dependent upon agriculture, with a growing need for land and access to natural resources. Despite challenges, Rwanda is making progress economically with a steady GDP growth of 6% annually.	Trade- Related Agriculture		<b>402,001</b>

<b>Profitable Ecotourism Through Improved Biodiversity in Rwanda</b>	The goal of the Destination Nyungwe Project is to jointly accelerate rural economic growth and improve biodiversity conservation in Rwanda's Nyungwe Forest National Park and its buffer areas. The project has two integrated bottom lines of sustainability: ecotourism development and biodiversity conservation. At the ecotourism level, it intends to transform the National Park into a real tourism destination by increasing the number of park visits while increasing tourism receipts by 50% each year.
