Business and Biodiversity Offsets Program (BBOP)	The Business and Biodiversity Offsets Program (BBOP) assists businesses and governments to design and implement biodiversity offsets that will mitigate loss of biodiversity from extractive industry. It is also setting international standards for these offsets and helping countries to learn about and ultimately adopt these standards into their policies. Countries that use these offsets will be able to maintain healthy environments while attracting and retaining industries for economic growth. Global ns Description for 2008: BBOP works at the global level to assist countries and private sector partners to learn about and adopt biodiversity offsets. This is done via presentations at global conservation fora such as the Convention on Biodiversity and also to trade groups such as the International Council on Mining and Metals.	Environmental Trade and Standards		29,001
		Activity Total TCB for Global ns		29,001
CODEX Outreach Capacity Building Program	The U.S. Codex Office provides USDA with funds to facilitate, manage, and implement regional and/or country specific outreach activities on Codex Alimentarius related matters. Meetings, workshops and seminars are organized on the subjects of food safety guidelines and avoidance of potential barriers to sanitary-phytosanitary protocols. The seminars are attended by medium to high-level policy makers throughout the respective regions of the world.	WTO Awareness	25,601
