<b>Afghanistan Small Medium Enterprise Development (ASMED)</b>	Key activities include improving market information, business and management skills, business associations, Private-public partnerships, and human capacity through professional internships. One important aspect of supporting business associations is the implementation of trade fairs (domestic), trade missions, and participation of leading small and medium enterprises and associations in international trade fairs. Afghanistan Description for 2009: Afghanistan is recovering from more than 20 years of war and economic devastation. As a landlocked, least developed (LLDC) country, it requires an enhanced trading capacity to achieve its development goals, many of which are predicated on the economy's broad-based growth. This capacity includes both Afghanistan's ability to negotiate trade terms with regional partners and others as well as its willingness to create an enabling environment for the private sector to flourish.
