Guyana Trade and Investment Support Project	Developing value chains of 4 subsectors-agribusiness, ecotourism, wood products and aquaculture. The program utilizes a market-led approach to promote exports and investments. Specifically, it provides TA and training to strengthen target institutions, facilitate trade missions, promote membership in international industry association and boost production. Guyana Description for 2009: Guyana is a developing country with a small domestic market of 700,000 people. As a consequence, focus must be placed on exports. Over the past decade, growth rates have been flat on average. Traditionally, only a few products - rice, sugar, minerals were exported. There is now a growing recognition that economic growth can only be realized through diversification into non-traditional ventures and, several initiatives are being pursued by GOG, donors and other stakeholders in this regard.
