American Berries Pilot Project in Loukkos Region	The main goal of this pilot project is to diversify agricultural productivity in the region of Loukkos by introducing American berries. So far, new varieties of blueberries, blackberries and raspberries (9,000 plants) were introduced. The results proved to be excellent and the varieties well adapted to the Moroccan climate. As a result of these successful trials, other farmers, especially from small- and medium-sized operations, have expressed their interest.	Trade-Related Agriculture	76,276
