

Table 1. China (P.R.C.) Trade Capacity Assistance for 2009 and 2010

Activity Title	Activity Description	TCB Category	FY2009	FY2010
			Total	Total
800MW Integrated Gasification Combined Cycle Power Station	In FY 2010, USTDA approved a Feasibility Study to establish the configuration and design parameters for the plant and enable progress towards implementation of a 800MW Integrated Gasification Combined Cycle (IGCC) Power Station, the first large-scale IGCC power plant in China.	Trade-related Infrastructure		832,877
		Activity Total		832,877
AQSIQ Workshop on Animal Drug Safety	Safety of animal drug residues.	Other Trade Capacity Building	12,400	
		Activity Total	12,400	
ASEAN-APEC-USPTO Border Enforcement Program	AEAS-APEC-USPTO offered 4 day border enforcement program.	Other Trade Capacity Building	10,943	
		Activity Total	10,943	
ASEAN-WEN	ASEAN-WEN is a collaborative mechanism by the governments of Southeast Asia for increased law enforcement co-operation in implementing national laws and the Convention on Trade in Endangered Species of Wild Fauna and Flora. The project included trainings for national inter-agency task forces with inputs from other US government agencies. They help to improve local agencies interdictions and prosecutions of crimes relating to protected fauna.	Competition Policy, Business Environment, and Governance	300,000	
		Activity Total	300,000	
Agricultural Biotechnology Training Program	An agricultural biotechnology training program building on two successful phases of technical assistance, by providing education and training to Chinese policymakers and scientists. The third phase will focus on specific agricultural biotechnology issues including low-level presence, the Cartagena Protocol, and stacked event regulation, all of which are current restraints on agricultural commodity trade.	Trade-related Agriculture	429,974	
		Activity Total	429,974	
	In October 2001, TDA approved a grant for a technical assistant to the Council for Agricultural Science and Technology (CAST) for the organization and implementation a technical assistance and training program with the Chinese Ministry of Agriculture, its Chinese Academy of Agricultural Science, and other appropriate members of the Chinese State Council's Agricultural GMO Joint-Ministry Conference System.	Trade-related Agriculture	148,000	
		Activity Total	148,000	
Antimonopoly International Workshop in China	An Antitrust Division staff member acted as instructor in the Antimonopoly International Workshop hosted by China's National Development and Reform Commission (NDRC) and the Organization for Economic Cooperation and Development (OECD).	Competition Policy, Business Environment, and Governance		1,571
		Activity Total		1,571
Antitrust Seminar in China	Antitrust Division officials acted as instructors in an antitrust seminar hosted by China's Supreme People's Court in Beijing.	Competition Policy, Business Environment, and Governance		13,441
		Activity Total		13,441
Applied Cold Chain Best Practices Outreach Program	Technical assistance outreach program for Chinese government officials and industry representatives in the area of applied cold-chain best practice technology, product handling procedures, and standards. To develop a modern cold-chain system in China, improving the operating efficiencies of Chinese refrigerated warehouses and refrigerated transportation systems.	Trade-related Infrastructure	157,306	
		Trade-related Agriculture	78,653	
		Activity Total	235,959

			Total	Total
Asia's Regional Response to Endangered Species Trafficking (ARREST)	This program will build capacities of law enforcement agencies and improve custom procedures across the region to combat illegal trade in threatened and endangered wildlife and strengthen implementation of national laws and the Convention on Trade in Endangered Species of Wild Fauna and Flora. Program activities will also foster enhanced regional collaboration on combatting illegal trade, through the ASEAN-Wildlife Enforcement Network and other regional organizations.	Competition Policy, Business Environment, and Governance		300,000
		Activity Total		300,000
Audit on Shrimp 3rd Party Certification Pilot	Date: September 12-25, 2009 - Three CFSAN auditors examined third party certification system and inspected the certified facility as a part of FDA's pilot program to train and designate third party inspection authorities.	Other Trade Capacity Building	48,200	
		Activity Total	48,200	
BRIC International Competition Conference in Russia	The Antitrust Division participated in the BRIC International Competition Conference in Kazan, Russia. The conference was the first of its kind within the competition community to focus on issues of competition development in fast-growing economies and was organized by the Russia Federal Antimonopoly Service, Brazil Competition Policy System, India Competition Commission and China State Administration for Industry and Commerce.	Competition Policy, Business Environment, and Governance	422	
		Activity Total	422	
Beijing Second Airport Development Plan	In FY 2010 the USTDA approved \$700,652 a technical assistance for the Civil Aviation Authority of China (CAAC). The project would create a more complete project definition for the new Beijing Second Airport and analyze the proposed runway alignments.	Trade-related Infrastructure		676,170
		Activity Total		676,170
Beijing Second Airport Development Plan - FAA Transfer Funds	In FY 2010 the USTDA approved \$700,652 to partially fund a technical assistance (TA) for the Civil Aviation Authority of China (CAAC). The project would create a more complete project definition for the new Beijing Second Airport and analyze the proposed runway alignments.	Trade-related Infrastructure		24,482
		Activity Total		24,482
CIVDC Workshop on Animal Drug Preapproval Requirements	Animal drug approval requirements.	Other Trade Capacity Building	15,100	
		Activity Total	15,100	
Cartel Training Workshop in China	The Antitrust Division, in conjunction with TDA, conducted a training workshop on cartels and horizontal agreements in Beijing, China.	Competition Policy, Business Environment, and Governance	12,519	
		Activity Total	12,519	
China Competition and Consumer Law and Policy Technical Assistance	The program assists China in its effort to build institutional capacity to apply competition and consumer law and policy, along with other legal and regulatory frameworks that facilitate the successful operation of a competitive market economy characterized by conditions that encourage entry into markets and undistorted consumer choice among competing offers in the marketplace.	Competition Policy, Business Environment, and Governance	8,900	43,044
		Activity Total	8,900	43,044
China U.S. Food Safety System and Food Export Program	USDA-FAS held a program to improve food safety of food exports from China, in four major cities, and FDA supplied speaker on food safety October 8-17, 2008.	Other Trade Capacity Building	10,600	
		Activity Total	10,600

Activity Title	Activity Description	TCB Category	FY2009	FY2010
			Total	Total
Cold Chain	The Cold Chain Orientation Visit (OV) would bring up to twelve (12) cold storage facility owners to the U.S. to attend the American Society of Heating, Refrigerating and Air- Conditioning Engineers Conference , as well as visit cold supply chain site and meet with public and private sector experts on cold chain standards and practices.	Trade-related Infrastructure	242,478	
		Activity Total	242,478	
Cold Chain Improvement Initiative	U.S. experts from the government and private industry provide technical assistance in inherently governmental areas of guidelines, regulations and standards, as well as perishable food handling, storage, logistics, distribution and marketing for local government and private industries, to improve the capacity and linkages within the cold chain in emerging markets. Strong private-public partnerships in the U.S. and emerging markets create mutually beneficial trade in agricultural products.	Trade-related Agriculture	15,000	
		Trade Promotion	15,000	
		Activity Total	30,000	
GIPA Geographical Indications	USPTO, Global Intellectual Property Academy offered a 5 day program on geographical indications.	Other Trade Capacity Building	11,610	
		Activity Total	11,610	
Humphrey Fellowship - China	An official of the Shanghai AQSIQ was provided training on US Food Safety System, FDA Seafood Safety Regulations, Compliance, Food Defense, and JIFSAN technical assistance programs to enhance seafood safety. 5/3/-5/28/2010 China (P.R.C.) Description for 2010: China	Sanitary and Phyto-Sanitary Measures (SPS)		5,000
		Activity Total		5,000
Intellectual Property Foreign Criminal Enforcement Training and Technical Assistance	This spending responds to a Congressional soft earmark directing the Department (INL) to fill a gap in govt-to-govt criminal enforcement training to build capacity of foreign law enforcement to cooperate with the USG in combating IPR theft. The earmark has been put in annually at the instance of key US industry rights holders who believe strong government-to-government involvement in training was a 'missing link' that needed to be filled to counter increasingly sophisticated transnational crime.	Other Trade Capacity Building		428,040
		Activity Total		428,040
Investigative Techniques/Abuse of Dominance Workshop in China	The Antitrust Division conducted a workshop on investigative techniques and abuse of dominance in Hefei and Chongqing, China.	Competition Policy, Business Environment, and Governance	8,379	
		Activity Total	8,379	
JIFSAN-FDA Commerically Sterile Processed Foods Training Program - China	University faculty, industry and FDA experts provided technical assistance to about 50 producers and regulators of low acid and acidified foods. 9/13-9/17/2010 China (P.R.C.) Description for 2010: China	Sanitary and Phyto-Sanitary Measures (SPS)		28,500
		Activity Total		28,500
Lecture Series on Food Safety - China	Training program organized by Yale University and FDA of 18 health regulators (SFDA and provincial FDAs) to learn about US food safety system, risk management, and FDA compliance 9/21/2010 China (P.R.C.) Description for 2010: China	Sanitary and Phyto-Sanitary Measures (SPS)		1,000
		Activity Total		1,000
Low Emissions Asian Development Program	The program will support regional cooperation and regional capacity building efforts involving twelve countries across Asia to advance climate change enabling conditions in the areas of clean energy and sustainable landscapes. USAID efforts will work to strengthen national and subnational capacity relating to greenhouse gas (GHG) accounting; national and corporate GHG inventory development; data management; monitoring, reporting, and verification (MRV) capabilities.	Environmental Standards and Trade		40,000
		Activity Total		40,000

			Total	Total
MEDTEC Shanghai – U.S. FDA Medical Device Regulations	U.S. FDA staff from the CDRH presented an overview of its medical device rules and regulations. Topics covered premarket, registration and listing, and postmarket requirements. In addition, requirements for complying with U.S. FDA import and export requirements were address including Certificates to Foreign Governments (CFGs).	Other Trade Capacity Building	11,000	
		Activity Total	11,000	
Market Definition Workshop for Chinese Agencies	An Antitrust Division staff member acted as an instructor in technical assistance regarding market definition for Chinese Agencies in Beijing.	Competition Policy, Business Environment, and Governance		4,162
		Activity Total		4,162
Merger Competitive Effects Workshop in China	The Antitrust Division, in conjunction with TDA, conducted a workshop on merger competitive effects in China.	Competition Policy, Business Environment, and Governance	7,327	
		Activity Total	7,327	
Merger Remedies Training in China	An Antitrust Division staff member acted as instructor in the Merger Remedies Training program for China's Ministry of Commerce hosted by the Asian Development Bank (ADB) and Organization for Economic Cooperation and Development (OECD) in Chongqing.	Competition Policy, Business Environment, and Governance		4,341
		Activity Total		4,341
OECD Quantitative Techniques Training Workshop in China	The Antitrust Division participated in merger training workshops organized by the OECD-Korea Policy Centre and Asian Development Bank for China's Ministry of Commerce.	Competition Policy, Business Environment, and Governance	3,697	
		Activity Total	3,697	
Policy Forum on Interagency Collaboration and Scientific Workshop on Melamine and Human Health	Date: November 18-19, 2008 A team of FDA experts participated in this policy forum on interagency collaboration in response to food safety challenges, such as the US outbreak with Salmonella St Paul and melamine adulteration of dairy products in China. FDA technical experts presented melamine risk assessments, detection and testing methods, sources and extent of contamination, and medical consequences of contamination.	Other Trade Capacity Building	62,000	
		Activity Total	62,000	
Railroad Technology and Locomotive Emissions Reduction Orientation Visit	The Rail Technology Orientation Visit (OV) would bring up to thirteen delegates from China's Ministry of Railways Bureaus to the U.S. to visit rail sites and meet public and private sector experts on rail technology standards and practices. The OV will introduce U.S. energy efficient and emissions reduction technologies for locomotives that meet the needs of China's efforts to create an energy efficient rail infrastructure and would advance China's clean energy objectives.	Trade-related Infrastructure	222,246	
		Activity Total	222,246	
Responsible Asia Forestry and Trade (RAFT)	To address the shared problems of illegal logging and conversion of forests with high biodiversity value and promotion of legal timber trade, the program aims to improve timber trade policies, reform government procurement, improve customs procedure and corporate procurement practices in eight countries, covering Cambodia, China, Indonesia, Laos, Malaysia, Papua New Guinea, Thailand, and Vietnam.	Environmental Standards and Trade	600,000	600,000
		Activity Total	600,000	600,000

			Total	Total
Scientific Cooperation Exchange Program with China (P.R.C.)	The U.S. Department of Agriculture's Scientific Cooperation Exchange Program (SCEP) has played an important role in facilitating agricultural trade, collaboration in agricultural science and technology, and enhancing overall relations between the United States and the People's Republic of China. Since 1979, SCEP sponsored more than 2,180 American and Chinese policymakers in areas such as food security, climate change, agricultural policy and alternative energy.	Trade-related Agriculture	315,000	400,000
		Activity Total	315,000	400,000
Scientific Exchanges for China	The U.S. Trade and Development Agency and USDA Foreign Agricultural Service have partnered since 2006 under U.S. - Sino Agricultural Biotechnology Safety Assessment Cooperative to offer six week fellowships and scientific exchanges to Chinese officials, regulators and experts. Under phase III of the program, we will provide additional longer term exchange opportunities focused on enhancing mutual understanding of Chinese and U.S. biotechnology policy.	Trade-related Agriculture	43,801	104,199
		Activity Total	43,801	104,199
U.S. – China Joint Commission on Commerce and Trade (JCCT) Medical Device Task Force	The US - China Joint Commission on Commerce and Trade (JCCT) was established in 1983 as a forum for high-level dialogue on bilateral trade issues and a vehicle for promoting commercial relations. U.S. FDA participated by providing an overview of its Quality Systems (QS), Recalls and Adverse Event Reporting.	Other Trade Capacity Building	10,000	
		Activity Total	10,000	
U.S.-China Aviation Cooperation Program Phase V	Project to continue support for the U.S. - China Aviation Cooperation Program (ACP) with a fifth phase. This strategic, multi-program public-private partnership that USTDA launched in 2004 has produced significant developmental and U.S. export results, and continuation of the program will ensure an ongoing high-level dialogue with the Civil Aviation Administration of China (CAAC).	Trade-related Infrastructure	1,431,053	
		Activity Total	1,431,053	
	The Sustainable Airport Development Orientation Visit (OV) would bring up to fifteen (15) officials from the Civil Aviation Administration of China's (CAAC) Airport Department to the U.S. to visit up to five U.S. airports, as well as meet with private sector experts and the Federal Aviation Administration. The OV will familiarize Chinese airport planners with U.S. best practices for the development of sustainable airports through advance environmental design and technologies.	Trade-related Infrastructure	250,465	
		Activity Total	250,465	
U.S.-China Aviation Cooperation Program Phase V (FAA Transfer Funds)	U.S. Federal Aviation Administration to deliver training and other program support to the fourth phase of the Executive Management Training Program, conducted under the fifth phase of the U.S. - China Aviation Cooperation Program (ACP). This training aims to build strong relationships between U.S. and Chinese aviation sectors and assist the Chinese aviation market to continue to expand.	Trade-related Infrastructure	63,186	
		Activity Total	63,186	
US China Aviation Cooperation Program Phase VI	The sixth phase of the US China Aviation Cooperation Program would ensure continuation of the high level dialogue with the CAAC, which has promoted U.S. interests in the aviation sector in China. Phase VI would promote increased bilateral engagement in the sector, thus producing significant developmental and U.S. export results in the aviation sector.	Competition Policy, Business Environment, and Governance		664,065
		Activity Total		664,065
US China Aviation Cooperation Program Phase VI, FAA Transfer Funds	In FY 2010, the USTDA approved \$664,065 in Technical Assistance (TA) to the Civil Aviation Administration of China (CAAC). The sixth phase would ensure continuation of the high level dialogue with the CAAC, which has promoted U.S. interests in the aviation sector in China. Phase VI would promote increased bilateral engagement in the sector, thus producing significant developmental and U.S. export results in the aviation sector.	Competition Policy, Business Environment, and Governance		64,676
