Activity Title	Activity Description	TCB Category	FY2009	FY2010
			Total	Total
AGCI - Financial Sector - African Economic Research Consortium	AERC will provide analytical support to the Secretariat for the Partnership, based at the AfDB in Tunis, funded by Germany and the UK. This analytical support will focus on identifying opportunities for harmonizing the legal and regulatory environment across Africa to enhance efficiency and economies of scale in financial intermediation and services.	Financial Sector Development	500,000	
		Activity Total	500,000	
AGCI - Financial Sector - Bankworld	Most countries do not have functioning financial systems, with interventions typically requiring rapid, short-term problem solving support a. Bankworld is the only 8(a) firm to be certified as qualified for high level financial sector work through the SEGIR Financial Sector BPA selection process. This contract will enable USAID to respond rapidly to host country requests for assistance that could not be anticipated years in advance, so are not in established Mission Operating Plans.	Financial Sector Development	600,000	619,278
		Activity Total	600,000	619,278
AGCI - Financial Sector - International Real Property Foundation	This Africa Global Competitiveness Initiative funded cooperative agreement with the International Real Property Foundation (IRPF) aims to improve the certainty of value of real estate as collateral through real estate market development across sub-Saharan Africa.	Financial Sector Development	850,000	
		Activity Total	850,000	
AGCI - Infrastructure - African Infrastructure Program	AIP will focus on the power and transmission sectors through support to: 1) late-stage transactions (to increase the number of projects that are brought to financial closure), 2) SSA's four regional power pools, through the provision of longer-term enabling environment support (development of cost recovering tariffs, regulatory reforms, and measures to attract additional private investment, and 3) other efforts to strengthen energy sector institutions and provide services to urban/rural poor.	Trade-related Infrastructure	4,800,000	1,700,000
		Activity Total	4,800,000	1,700,000
AGCI - Infrastructure - FIELD Support Leader with Associates Award (FIELD LWA)	The objective of this work is to help all USAID missions in Sub-Saharan Africa (SSA) that are working to improve the competitiveness and productivity of agriculture sub-sectors to use ICT (information and communications technologies) better to enhance their success. ICT encompasses a wide variety of approaches, including Internet access (and presence); mobile phone applications; radio; and stand-alone information technology applications.	Enterprise Development	400,000	
		Activity Total	400,000	
AGCI - Infrastructure - IPR Capacity Building Technical Assistance for SSA	The overall mission of AGCI is to promote the export competitiveness of sub-Saharan Africa enterprises in order to expand African trade. This mission is to be achieved through a number of objectives, such as improving the business and regulatory environment for private sector-led trade and investment. One of the key factors to improving the business and regulatory environment for trade and investment is to strengthen intellectual property protection.	Other Trade Capacity Building	187,500	
		Intellectual Property Rights (IPR)	187,500	500,000
		Competition Policy, Business Environment, and Governance	375,000	
		Activity Total	750,000	500,000
AGCI - US Securities and Exchange Commission - SEC Field Support	This is an ongoing Inter-Agency Agreement between USAID and the US Securities and Exchange Commission (SEC). The African Global Competitiveness Initiative's (AGCI) financial sector program strengthens the financial services to small- and medium-sized enterprises (SMEs) and other businesses, and industry.	Financial Sector Development	100,000	
		Activity Total	100,000

			Total	Total
AGCI-Knowledge Sharing and Analysis Project	As part of the Africa Global Competitiveness Initiative, funding for a system to (1) capture the years of information, experience and best practices in trade programs implemented through the Regional Missions, (2) enhance the exchange of current data and information among USAID operating units and African institutions and governments, and (3) stimulate discussions and deliberations on program successes, options and new directions.	Other Trade Capacity Building		1,708,921
		Competition Policy, Business Environment, and Governance	1,500,000	
		Activity Total	1,500,000	1,708,921
AGOA Sanitary and Phytosanitary Capacity Building Program	Part of the Initiative to End Hunger in Africa (IEHA), Feed the Future (FTF) and the African Growth Opportunity Act (AGOA), the Sanitary and Phytosanitary (SPS) program includes capacity building in plant health, animal health, and food safety systems. The objective is to harmonize SPS regulations with international standards to enhance food security and increase export opportunities for horticultural, animal and processed food products through scientific and regulatory capacity building.	WTO Accession and Compliance	800,000	215,000
		Trade-related Agriculture	437,236	450,000
		Trade Promotion	350,000	250,000
		Sanitary and Phyto-Sanitary Measures (SPS)	450,000	300,000
		Activity Total	1,637,236	1,215,000
African Union Assistance Agreement	This activity will be a financial, technical and strategic resource to the African Union (AU) to build capacity both within the AU and the country-level entities to make the AU more effective and to promote greater regional trade integration.	Other Trade Capacity Building		1,000,000
		Activity Total		1,000,000
Agriculture - Agriculture Value Chain Analysis	Linking smallholders in areas of potential staple food surpluses to consumers in areas of deficit is key to addressing sustainable food security in sub-Saharan Africa. This implementing mechanism will undertake a regional value chain analysis of a key food staple of West Africa, rice, to inform investments in the five Global Food Security Response countries (Ghana, Liberia, Senegal, Mali and Nigeria) and the West Africa region.	Trade-related Agriculture	140,000	
		Activity Total	140,000	
Agriculture - Agriculture Value Chain Analysis II	Linking smallholders in areas of potential staple food surpluses to consumers in areas of deficit is key to addressing sustainable food security in sub-Saharan Africa. This implementing mechanism will undertake a regional value chain analysis of a key food staple of West Africa, rice, to inform investments in the five Global Food Security Response countries (Ghana, Liberia, Senegal, Mali and Nigeria) and the West Africa region.	Trade-related Agriculture	60,000	
		Activity Total	60,000	
Agriculture Team Support	Travel, smartphone, technical assistance (AAAS Fellow) and other support for the AFR Agriculture Team managing the Feed the Future initiative.	Trade-related Agriculture		163,146
		Activity Total		163,146

Association for Strengthening Agricultural Research in Eastern and Central Africa (ASARECA)	The Association for Strengthening Agricultural Research in Eastern and Central Africa (ASARECA) is an African regional institution made up of the national agricultural research institutes of ten countries and numerous partners working in the area of agricultural technology development and diffusion. It is supported by a group of donors working within a harmonized framework, including USAID/East Africa. ASARECA's policy program works on cross-border trade issues.	Trade-related Agriculture	924,680	
		Activity Total	924,680	
Business Climate Legal and Institutional Reform (BizCLIR) Project	The BizCLIR task order provides diagnostic and economic enabling environment technical services aimed at improving countries' economic performance. Areas being covered include Doing Business type indicators, Agribusiness diagnostics, private sector health diagnostics, and women-focused research and reforms. BizCLIR also provides a web-based portal for disseminating the information and best practices analyzed at www.bizclir.com.	Trade-related Agriculture	150,000	
		Financial Sector Development	500,000	
		Activity Total	650,000	
CODEX Outreach Capacity Building Program	The U.S. Codex Office provides USDA with funds to facilitate, manage, and implement regional and/or country specific outreach activities on Codex Alimentarius related matters. Meetings, workshops and seminars are organized on the subjects of food safety guidelines and avoidance of potential barriers to trade. The seminars are attended by medium to high-level policy makers throughout the respective regions of the world. Sub Saharan Africa ns Description for 2010: Delegates from the U.S. and Africa met on August 9- 11 to discuss regional collaboration on upcoming Codex Committee issues. Bilateral workshops were also held to help countries gain a greater understanding of Codex as a whole. These were held in Senegal (June 1- 3), Zambia (June 8- 10) and Mozambique (June 14- 16).	WTO Accession and Compliance	225,476	309,341
		Activity Total	112,738	309,341
Capacity Building for Food Security	Leadership training and capacity development for African leaders who will be engaged in the design and implementation of food security interventions within a region or country investment plan.	Trade-related Agriculture		7,650,000
		Activity Total		7,650,000
Combating the Worst Forms of Child Labor in Lusophone Africa	Combating the worst forms of child labor in Lusophone African countries - Angola, Cape Verde, Guinea-Bissau, Mozambique and Sao Tome & Principe - by helping to build community-based monitoring systems to uncover the worst forms of child labor, determine the causes and provide remedies.	Trade-related Labor		500,000
		Activity Total		500,000
Corporate Council on Africa (CCA)	This is a public-private partnership (PPP) for promoting trade, infrastructure and agri-business work regionally throughout sub-Saharan Africa.	Trade-related Infrastructure		100,000
		Trade-related Agriculture		300,000
		Trade Promotion		1,365,000
		Activity Total		1,765,000
Cross-cutting Support	Africa Bureau support services provided to the Economic Growth and Agriculture teams of the Office of Sustainable Development.	Other Trade Capacity Building		1,048,472
		Activity Total		1,048,472
FS Share	FS Share will identify financial sector best practices, aggregate these best practices, share them with missions, and then provide model scopes of work for financial sector development. FS Share is a mechanism that assists Missions to improve their financial sector activities. The dual overarching objectives are to: (1) Increase access to financial services, and (2) Develop well-functioning financial markets.	Financial Sector Development	650,000	
		Activity Total	650,000

		Activity Total	200,000	106,434
Food Labeling Course - Ghana and 3 other countries	24 participants from industry, trade development and regulatory agencies were trained by an FDA expert and an academic professor in this 4-day course on FDA food and dietary supplement labeling regulations, open dating requirements and UPC codes. The course was held in Accra, Ghana. 7/19- 22/2010 Sub Saharan Africa ns Description for 2010: Ghana and 3 other countries in West Africa	Sanitary and Phyto-Sanitary Measures (SPS)		5,000
		Activity Total		5,000
Food Security - SPS Capacity Building Program	USDA, through a PASA provides professional expertise, program management, and field support to the Bureau for Africa in all priority technical areas. In support of AGOA, USAID and USDA have initiated a joint program to strengthen the Sanitary and Phytosanitary (SPS) systems of African countries. The SPS Capacity Building Program involves strengthening animal health, plant health, and food safety systems in Africa, primarily through government-to-government interactions.	Trade-related Agriculture	1,000,000	
		Activity Total	1,000,000	
Food Security III	The Food Security III activity, implemented by Michigan State University, assists African governments and regional economic communities to analyze and implement policies and laws that enable private sector-based regional and domestic trading of cereals.	Trade-related Agriculture		250,000
		Activity Total		250,000
Foreign Service Limited	This implementing mechanism supports staff working for the U.S. Government managing, administering, and supporting programs for TCB-related activities.	Trade-related Agriculture	344,556	
		Other Trade Capacity Building		187,792
		Activity Total	344,556	187,792
FtF- IARC Food Security and Crisis Management Agreement	Through this ongoing, five-year agreement, which is managed centrally by USAID's Bureau for Economic Growth, Agriculture, and Trade, the Bureau for Africa builds strategic global development partnerships to improve African agriculture productivity. Activities are focused on building public-private partnerships to develop African seed production and distribution systems, sustainable tree crops, and livestock production and marketing systems.	Trade-related Agriculture	3,712,000	1,500,000
		Activity Total	3,712,000	1,500,000
IEHA - Comprehensive African Agricultural Development Program Support Program	The new \$12M, three-year Comprehensive African Agriculture Development Program (CAADP) support agreement is part of a multi-donor effort to meet the USG pledge to support implementation of the African-led CAADP. This agreement will seek to increase agricultural productivity by improving the enabling environment - policies, incentives, institutions, and investment plans. It will build the capacity of regional organizations to address key economic governance issues limiting regional integration.	Trade-related Agriculture	1,500,000	2,000,000
		Activity Total	1,500,000	2,000,000
IEHA - Initiative to End Hunger in Africa PASA	This agreement is managed by USAID's, Bureau for Africa, Office of Sustainable Development. It provides crucial technical assistance to eight priority countries and three regional programs to design, manage, and monitor the Presidential Initiative to End Hunger in Africa (IEHA). Technical staff study policy options to increase agricultural financing and improve the technical, management, and investment planning capacity of African organizations.	Trade-related Agriculture	1,000,000	1,000,000
