

Table 1. Timor Leste Trade Capacity Assistance for 2009 and 2010

Activity Title	Activity Description	TCB Category	FY2009	FY2010
			Total	Total
Commercial Services Training	USAID-supported Private Sector Development Project (DSP) supports private sector growth by increasing access to technical and business services essential for efficient enterprise operation. DSP supported the growth and access to commercial services that are currently lacking within the Timor-Leste private sector by: [1] Expanding the range of products and services offered by Ministry of Economy's Business Development Centers (BDC). [2] Developed and supported a marketing/advertising campaign.	Enterprise Development	500,000	
		Activity Total	500,000	
Enabling Business Environment	Earlier assessments conducted during the Private Sector Development Project (DSP) identified development constraints to the private sector in Timor-Leste. Sound regulations, economic policies, and strong public sector institutions are critical for an enabling business environment where firms can grow, be more productive and create jobs. Companies can only increase their productivity, contribute to economic growth and generate employment, in a mutually supportive environment.	Enterprise Development	100,000	
		Competition Policy, Business Environment, and Governance	100,000	
		Activity Total	200,000	
Timor Economic Rehabilitation and Development Program (TERDP)	The objectives of this activity are to contribute to the rehabilitation of the economy of Timor-Leste, improve the income levels and living conditions of rural families living on small-scale farms, contribute to the development of a policy environment that is favorable to small-scale farmers, export oriented agriculture, small and medium sized enterprises and the improvement of the business capacities and operations of rural enterprises.	Trade-related Agriculture	1,000,000	
		Activity Total	1,000,000	
US Support to the Coral Triangle Initiative	The program supports the development of a common Ecosystem Approach to Fisheries Management (EAFM) framework and environmental standards and technology towards sustainable management of Live Reef Food Fish Trade (LRFFT) in the CT region. The Program will assist the CTI countries in the following areas: 1) development of a regional LRFFT capacity building program, 2) endorsement of EAFM Framework to guide LRFFT management, 3) formation of a CTI regional LRFFT forum with established links to APEC.	Environmental Standards and Trade	45,000	15,100
		Activity Total	45,000	15,100
USAID-funded Advisor to TradeInvest Timor-Leste (TITL)	Strengthening staff and advisory board capacity - Staff development plan for on-the-job learning and specific short-term training. Developing multi-year business plan to guide the strategic and tactical development of TITL. Setting up procedures for developing annual investment and export promotion plan. Setting up of transparent investment facilitation and monitoring procedures, including a controlling performance and complaint mechanism, information gathering and analysis instrument.	Trade Promotion	90,000	
		Enterprise Development	90,000	
		Activity Total	180,000
