<b>Bolivian Productivity and Competitiveness Project (BPC Project)</b>	The BPC Project increases productivity and sales of micro, small and medium enterprises (MSMEs) to generate/sustain employment and increase incomes in urban and peri-urban areas. This happens through strengthening selected value chains, strengthening capacity of local organizations to provide services to MSMEs (i.e.: production technologies, clean production, quality control, financial access, etc.), and promoting initiatives to improve the business environment and workforce development. Bolivia Description for 2011: Bolivia, with a population of approximately 10 million continues to face significant development challenges, including social exclusion, income inequality, lack of opportunities and conflict. Roughly 2/3 Bolivians live in poverty, with rural poverty close to 80 percent. Life expectancy is approximately 64 years, well below the regional average. Migration to urban areas continues with just under the 2/3 of Bolivians in cities.	Trade Promotion	620,000	543,417
		Enterprise Development	416,000	636,766
		Activity Total	1,036,000	1,180,183
<b>Combating the Worst Forms of Child Labor in Bolivia</b>	Combating the Worst Forms of Child Labor in Bolivia will work through the International Labor Organization's International Program on the Elimination of Child Labor to help the countries build community-based monitoring systems to uncover the worst forms of child labor, determine the causes and provide remedies.
