

Table 1. Honduras Trade Capacity Assistance for 2010 and 2011

Activity Title	Activity Description	TCB Category	FY2010	FY2011
			Total	Total
CAFTA-DR CITES Support Program	The U.S. Department of the Interior (DOI), through its International Technical Assistance Program, is coordinating efforts of various agencies and NGO's to strengthen the implementation of the Convention on the International Trade in Endangered Species of Flora and Fauna (CITES) in CAFTA-DR countries. The focus of this effort is to establish effective implementing legislation, provide comprehensive CITES training, and improve CITES enforcement in the region. Honduras Description for 2011: The focus of this effort is to establish effective implementing legislation, provide comprehensive CITES training, and improve CITES enforcement.	FTAs and Trade Integration	17,000	
		Environmental Standards and Trade		83,333
		Activity Total	17,000	83,333
CAFTA-DR SPS Capacity Building Program	Supports capacity building in plant health, animal health, and food safety systems. The emphasis is to harmonize SPS regulations with the international standard setting bodies (Codex, IPPC, OIE) and increase export opportunities for plant, horticultural, and animal products regional and internationally, including the United States.	Trade-related Agriculture	120,000	161,000
		Activity Total	120,000	161,000
Doing Agribusiness in LAC	This activity is conducting a "Doing Agribusiness" assessment in the three LAC Feed the Future focus countries of Guatemala, Honduras, and Nicaragua; subject to funding availability, the assessment may also be carried out in El Salvador, Dominican Republic, and Costa Rica. The information will be used by USAID for strategy development and program design in support of implementation of DR-CAFTA and Feed the Future.	Trade-related Agriculture	300,000	
		Activity Total	300,000	
Environmental Impact Assessment	Environmental Impact Assessment (EIA) is a decision making process informed by an assessment of reasonable and feasible alternatives and their potential environmental, economic and social impacts on the human and natural environments.	Environmental Standards and Trade		5,833
		Activity Total		5,833
Food Security and Nutrition (ACCESO) Program	The Food Security and Nutrition (ACCESO) program is a market-led initiative to increase income and improve the nutritional status of the households in the poorest communities of Honduras. ACCESO facilitates economic opportunities for the poorest through agricultural diversification and sustainable linkages to market opportunities. ACCESO also includes a nutrition component that focuses on food access, water and sanitation, and best feeding practices. Honduras Description for 2011: Honduras is one of the poorest countries in the Western Hemisphere, with approximately 65 percent of its people in poverty, 60 percent highly vulnerable to food insecurity, and 40 percent unemployed or underemployed. USAID/Honduras implements three important USG Administration initiatives: Feed the Future (FTF) Food Security Initiative, Central America Regional Security Initiative (CARSI), and Global Health Initiative (GHI).	Trade-related Agriculture		1,950,000
		Other Trade Capacity Building		650,000
		Activity Total		2,600,000
Global Labor Program: Honduras	Solidarity Center program will conduct organizational management workshops with SITRAJERZEESND workers in the following areas: Shop steward and grievance handling training, Financial skills and transparency, Computer skills and research capacity.	Trade-related Labor		9,000
		Activity Total		9,000

Table 1. Honduras Trade Capacity Assistance for 2010 and 2011

Activity Title	Activity Description	TCB Category	FY2010	FY2011
			Total	Total
Honduras Competition and Consumer Law and Policy Technical Assistance	The program assists countries in the Andean community to build institutional capacity to apply competition and consumer law and policies, along with other legal and regulatory frameworks, that facilitate the successful operation of a competitive market economy characterized by conditions that encourage entry into markets and undistorted consumer choice among competing offers in the marketplace.	Competition Policy, Business Environment, and Governance		12,127
		Activity Total		12,127
Integrated Watershed Resources Management Support Activity	The Integrated Watershed Resources Management (MIRA) Program addresses economic growth by promoting sustainable, eco-friendly products and services and by addressing the Government of Honduras environmental policy issues in order to comply with the environmental requirements under the Environmental Cooperation Agreement (ECA) of CAFTA. This program was completed in February 2010. A new program is being contracted.	Environmental Standards and Trade	500,000	
		Activity Total	500,000	
Labor Law Compliance - Comply and Win III	Improve compliance with national labor laws by strengthening the enforcement capabilities of Ministries of Labor in Central America and the Dominican Republic (overall objective).	Trade-related Labor		1,472,877
		Activity Total		1,472,877
Pesticide Laboratory Capacity Building and Assessment, CAFTA-DR - Honduras	Training and assessment to build pesticide laboratory capacity. Start/End Dates: June 21 - 25, 2010	Sanitary and Phyto-Sanitary Measures (SPS)	18,000	
		Activity Total	18,000	
Protected Areas, Tourism, and Climate Change (ProParque) Program	The ProParque project has the objectives to implement economic growth (tourism/forestry/agroforestry), biodiversity conservation (protected areas and sustainable landscapes) and global climate change (forest carbon, clean/renewable energy and natural disaster adaptation) activities related to the "Promoting Economic Growth and Prosperity" Goal of the U.S. Governments Honduras Country Assistance Strategy (CAS) covering Fiscal Years 2009 - 2013. Honduras Description for 2011: Honduras is one of the poorest countries in the Western Hemisphere, with approximately 65% of its people in poverty, 60% highly vulnerable to food insecurity, and 40% unemployed or underemployed. USAID/Honduras implements three important USG Administration initiatives: Feed the Future (FTF) Food Security Initiative, Central America Regional Security Initiative (CARSI), and Global Health Initiative (GHI).	Trade-related Tourism		1,148,000
		Competition Policy, Business Environment, and Governance		492,000
		Activity Total		1,640,000
Rural Economic Diversification (RED) Program	This activity addresses economic growth by increasing the competitiveness of Honduran agricultural growers and food processors by improving productivity and product quality, complying with international standards, and linking them to new regional, national and international market opportunities. This program has been completed in October 2010 and a new program on rural competitiveness to address food security and nutrition issues is being contracted out.	Trade-related Agriculture	2,500,000	
		Activity Total	2,500,000

			Total	Total
SPS and Market Information Program	This activity will provide technical assistance and training on Sanitary and Phyto Sanitary (SPS) issues to the Ministry of Agriculture's SPS Unit (SENASA). It will also help to develop local capacity with private sector to establish a market information system that can directly benefit farmers from the poorest communities targeted with our Feed the Future (FTF) activity. Honduras Description for 2011: Honduras is one of the poorest countries in the Western Hemisphere, with approximately 65 percent of its people in poverty, 60 percent highly vulnerable to food insecurity, and 40 percent unemployed or underemployed. USAID/Honduras implements three important USG Administration initiatives: Feed the Future (FTF) Food Security Initiative, Central America Regional Security Initiative (CARSI), and Global Health Initiative (GHI).	Sanitary and Phyto- Sanitary Measures (SPS)		200,000
		Activity Total		200,000
Technical Assistance to CSA-Grupo Jaremar (BUFINSA,INDASA,OLEPSA)	Diversified palm oil and agricultural company for export purposes	Trade-related Infrastructure	1,444,500	
		Activity Total	1,444,500	
Technical Assistance: Budget and Financial Accountability - Honduras	Improving operational efficiency and enhancing accountability. Identify required functions of the Ministry - reviewing current laws and regulations; providing recommendations to strengthen Ministry's responsibilities; reviewing operational responsibilities of all organizational components; designing an organization which supporting Ministry functions; developing staffing patterns to support the new organization. Conduct training on International Public Sector Accounting Standards (IPSAS).	Competition Policy, Business Environment, and Governance	250,132	533,700
		Activity Total	250,132	533,700
Technical Assistance: Honduras - Economic Crimes	Work with the GOH in a comprehensive effort to fully develop its AML/CFT regime, including legislative review and drafting as necessary. Mentor GOH authorities on major impact money laundering, organized crime and corruption cases. Work with financial regulators.; deliver FATC for FIU analysts; review needed improvements to FIU IT system; review and improve FIU information flow; deliver FIT for financial/tax crime investigators.	Competition Policy, Business Environment, and Governance	66,714	594,071
		Activity Total	66,714	594,071
Technical Assistance: Honduras - Government Debt Issuance and Management	Assist in developing policies to recover from impacts of political turmoil and global financial crisis. Create greater transparency and accountability in formulation of indebtedness policy. Promote regular, market-based auctions of standardized instruments. Restructure existing debt into standardized issues. Resolve quasi-fiscal debt managed by BCH. Coordinate debt issuance and management between MoF and BCH. Reorganize debt management office. Develop sovereign debt registry.	Financial Sector Development	613,457	482,796
		Activity Total	613,457	482,796
Technical Assistance: Honduras - Revenue Administration and Policy	Providing advice and recommendations on, operations and productivity of the Large Taxpayer Organization (LTO); broadening the LTO Revenue Tax Base; implementing recurring collection programs; reviewing risk assessment/audits selection to provide the audit selection process for adequacy and transparency; and improving the audit through reengineering current case closing/appeal process. HR reforms focus on legislation, staffing, position management, pay reform, and performance management.	Financial Sector Development		668,684
		Competition Policy, Business Environment, and Governance	455,016	
		Activity Total	455,016	668,684

			FY2010 Total	FY2011 Total
Activity Title	Activity Description	TCB Category		
Urban Air Quality Program	Reliable air quality data is vital for successful air quality management and will form the basis for effective regional solutions. EPA will assist the region in strengthening its air monitoring technical capacity which will enable the CAFTA-DR countries to obtain the information needed to: develop long-term strategies that address mobile and stationary sources of air pollution and establish a regional air monitoring network. The countries have environmental obligations under trade agreements.	Environmental Standards and Trade		57,500
		Activity Total		57,500
Wastewater Model Regional Regulation	USEPA has provided technical assistance to the CAFTA-DR countries in the development of a regional model wastewater regulation, including a set of 11 basic elements to implement a wastewater management program. All of the countries have begun implementation of at least two basic elements and have been provided with a process to establish wastewater discharge parameters for key industrial sectors in the region.	Environmental Standards and Trade		6,660
		Activity Total		6,660
