

Table 1. Nigeria Trade Capacity Assistance for 2010 and 2011

Activity Title	Activity Description	TCB Category	FY2010	FY2011
			Total	Total
9th Interpol Intellectual Property Crime Training Seminar: Role Of The Judiciary In The Enforcement	On June 20-23, 2011 in Lagos, Nigeria, DOJ participated as faculty at the 9th Intellectual Property Crime INTERPOL IPR Program, a three-day integrated training for 50 members from the Nigerian police, customs, IP unit, copyright commission, and customs service.	Intellectual Property Rights (IPR)		15,756
		Activity Total		15,756
African Development Foundation/Trade and Investment Program	A small proportion of ADF grants currently support Trade and Investment activities of private enterprises and nongovernmental organization in Africa promoting the expansion and development of export trade. However, most of ADF's grants currently support small- and micro- enterprises of marginalized populations in African countries that serve the domestic market and community development initiatives.	Trade-related Agriculture	295,900	
		Activity Total	295,900	
Biotechnology Regulatory Development Assistance	Regulation of agricultural biotechnology has implications for environmental and human health safety as well as agricultural trade. This activity provides a global platform for technical assistance to developing countries in Asia and Africa to develop and implement biosafety regulatory policies and practices.	Trade-related Agriculture		100,000
		Competition Policy, Business Environment, and Governance		100,000
		Activity Total		200,000
Bridge to Markets II	Activity and program support to increase incomes in the agricultural sector. Support will be to farmers concentrating on ground nuts, sorghum, sesame, maize, and rice.	Trade-related Agriculture	400,000	
		Activity Total	400,000	
Commodity Storage and Handling in Nigeria	The US Agency for International Development provided funding to address the problem of post-harvest storage losses in Nigeria. The program trains stakeholders in proper handling of key cereal commodities. Improved storage at the national, state, and on-farm levels facilitates trade by increasing the quantity and quality of cereal to be bought and sold, domestically and across the region.	Trade-related Agriculture		329,704
		Activity Total		329,704
IEHA-Nigeria Agricultural Trade Policy Assistance	As a component of the Initiative to End Hunger in Africa Agreement with USAID USDA is providing technical assistance to the Government of Nigeria to close critical gaps in the areas of regulatory and policy development/implementation as these are key elements of supporting food security and helping to enhance trade and the free flow of goods. This will also result in strengthen Nigerias compliance with international regulations and standards and increase small holder access to broader markets.	Trade-related Agriculture		40,000
		Activity Total		40,000
Increasing Ginger Production and Sales in Nigeria	An enterprise expansion grant to help boost ginger production and marketing capacity.	Trade-related Agriculture		212,460
		Activity Total		212,460
Infrastructure for Electric Services	Insurance for infrastructural expansion of energy products at bottling facilities in Nigeria.	Trade-related Infrastructure	102,708	
		Activity Total	102,708	
Infrastructure for Energy Services	Provides insurance for infrastructural development for bottling services plant.	Trade-related Infrastructure	2,543,400	
		Activity Total	2,543,400

Table 1. Nigeria Trade Capacity Assistance for 2010 and 2011

Activity Title	Activity Description	TCB Category	FY2010	FY2011
			Total	Total
Insurance for Infrastructural Development for Energy Facility	Insurance for the development, construction, operation, and maintenance of combined heat and power generation plants inside-the-fence of beverage bottling facilities located, respectively, in Ikeja, Apapa, and Benin, Nigeria.	Trade-related Infrastructure	969,840	
		Activity Total	969,840	
MARKETS Trade and Transportation Component	This activity is the result of the FY08 Trade Capacity Building Analysis activity to address key trade policy and transportation barriers within Nigeria that impact the West Africa region as well. Key activities in this component include support for customs reform and modernization, transport corridor improvements, and trade capacity building for government. The activity is designed to harmonize with work currently being done on the east-west corridor by USAID West Africa and other donors.	Other Trade Capacity Building	1,500,000	
		Customs Operations	3,000,000	
		Competition Policy, Business Environment, and Governance	1,500,000	
		Activity Total	6,000,000	
Nigeria Competition and Consumer Law and Policy Technical Assistance	The program assists Nigeria in building institutional capacity to apply competition and consumer law and policies, along with other legal and regulatory frameworks, that facilitate the successful operation of a competitive market economy characterized by conditions that encourage entry into markets and undistorted consumer choice among competing offers in the marketplace.	Competition Policy, Business Environment, and Governance		38,133
		Activity Total		38,133
Nigeria Expanded Export Program (NEEP)	The program aims to increase value-added non-oil exports from Nigeria. NEEP provides demand-driven targeted technical assistance to export oriented enterprises in selected sectors. Technical assistance is delivered in key areas such as access to finance, export competitiveness, and linkages to international markets and partners, resulting in measurable export increases in Nigeria's non-oil export volumes and value.	Trade Promotion	2,000,000	
		Activity Total	2,000,000	
Nigeria Expanded Trade and Transportation (NEXTT)	The objective of the NEXTT project is to support the Nigerian governments efforts to expand trade domestically, within the ECOWAS sub-region and beyond, and improve its efficiency so that trade, particularly in agricultural products, can provide inclusive economic growth and development of Nigeria. The project will build on the successes of its predecessors - MARKETS (Trade & Transport component) and NEEP - in addressing trade policy and trade facilitation constraints.	Trade-related Infrastructure		2,000,000
		Trade-related Agriculture		500,000
		Trade Promotion		1,200,000
		Technical Barriers to Trade (TBT)		300,000
		Sanitary and Phyto-Sanitary Measures (SPS)		300,000
		FTAs and Trade Integration		200,000
		Enterprise Development		500,000
		Customs Operations		500,000
		Competition Policy, Business Environment, and Governance		500,000

Nigeria Expanded Trade and Transportation (NEXTT) Nigeria-ECOWAS Regional IP Policy Advisor	The objective of the NEXTT project is to support the Nigerian government's efforts to expand trade domestically, within the ECOWAS sub-region, and to improve its trade policies and procedures. Particular focus is on agricultural products and to provide a legal and policy framework for the development of a grant IP policy guidelines for Nigeria. The project will also assist the Nigerian government to meet the standards of the WTO TRIPS Agreement and the WIPO Intellectual Property Policy Approach. The project will focus on the consistency, efficiency, and effectiveness of IP protection in West Africa and to enable the progressive and sustained elimination of counterfeit and pirated goods. Nigeria Description for 2011: The advisor is working with the ECOWAS Secretariat in Abuja, Nigeria but the IP policy and guidelines support all member states.	Activity Total		6,000,000
		Intellectual Property Rights (IPR)		31,500
		Activity Total		31,500
Nigeria: Consultations on an Interagency Approach to IP Enforcement	USDOC hosted 5 Nigerian officials in DC in August 2011 for Consultations on an Interagency Approach to the Enforcement of IPR. Officials from Ghana, Liberia, Nigeria and Kenya discussed best practices to achieve communication and coordination among government agencies and the private sector. Individual country action plans were drafted to outline the scope and strategy of the interagency groups to improve the protection of IP in the West and East Africa regions.	Intellectual Property Rights (IPR)		9,900
		Activity Total		9,900
Oshodi Science and Technology Park	In FY 2010 USTDA a feasibility study that would attract investment to the Nigerian market by local and international ICT companies by providing reliable clean power, bandwidth, facilities, and regulatory incentives.	Trade-related Infrastructure	134,667	
		Enterprise Development	269,333	
		Activity Total	404,000	
Passenger Air Transportation	Ex-Im Bank is providing guarantee coverage to a US commercial bank who is lending funds to the foreign buyer. The Nigerian foreign buyer will use the guaranteed funds to purchase 2 passenger aircraft. The foreign buyer provides chartered and scheduled flight service operations in Western Africa.	Trade-related Infrastructure	521,386	
		Activity Total	521,386	
Program Support	Program support to enhance the Mission's activities in helping farmers to increase their incomes and trade.	Trade-related Agriculture	600,000	
		Activity Total	600,000	
Program to Help Developing Countries Legally Empower the Poor	The purpose of this grant is to promote worldwide awareness and facilitate the legal empowerment of the poor through the granting and upholding of basic economic rights for individuals. This includes real property rights as well as so-called business rights, contract rights, and judicial enforcement of the same. Activities are focused in developing countries that request help from ILD. Nigeria Description for 2011: The ILD conducted a pre-diagnostic assessment and consulted with Lagos State and Delta State on proposals for rectifying problems of resource extraction and the property rights of indigenous/local inhabitants.	Competition Policy, Business Environment, and Governance		100,000
		Activity Total		100,000
Secure Banking Solutions	In FY 2010, USTDA approved an orientation visit for ten delegates from the Central Bank of Nigeria (CBN). The visit would take place over 10 days, and the delegates would meet with U.S. information technology companies and the Federal Reserve, which would allow them to eradicate internet fraud, and increase cyber-security, which is critical in economic development and national security in Nigeria.	Enterprise Development	177,713	
		Activity Total	177,713	
Sorghum Farming and Marketing in Nigeria	Grant to increase output, improve equipment, and establish business connections in the region for sorghum farmers.	Trade-related Agriculture		175,592
		Activity Total		175,592
