APEC Food Defense Pilot Program	The APEC-endorsed Food Defense Pilot Program is an ongoing collaborative effort of FAS, FSIS, FDA, Department of State, USTR, and U.S. industry. In FY11, the team completed pilot projects in Vietnam and the Philippines, as well as a regional event and a government collaborative exchange event to showcase the efforts of the 4 pilot economies to the APEC community. The program is designed to engender food defense awareness and build the capacity to prevent deliberate contamination of U.S. exports. Philippines Description for 2011: The APEC-endorsed Food Defense Pilot Program was launched with the intent to put into practice the food defense principles endorsed by the APEC/CTTF. The Philippines pilot project was three base phases: a relationship building phase; awareness workshops, complete with a train-the-trainer element; and follow-on food defense plan development guidance. The pilot emphasized the importance of protecting the food supply chain against intentional attack and protectin	Trade-related Agriculture		40,104

FDA-FAS Food Defense Collaboration	FAS and FDA have expanded their partnership to provide food defense technical assistance to build global capacity to prevent deliberate tampering and contamination of the food supply by those with malicious intent, thereby safeguarding food trade and consumption. Specifically funding for: Roadshows in China and Mexico; Collaborative Exchange programs for APEC economies; and outreach to national authorities and EU, international, and multilateral institutions has been obligated in 2011. Philippines Description for 2011: FDA and FAS engaged the University of Minnesota national Center for Food Protection and Defense to execute a Collaborative Exchange Workshop to equip industry and academic Filipino and Vietnamese counterparts from the APEC Food Defense Pilot Program with the skills and understanding necessary to facilitate educational programs, vulnerability assessments and food defense planning efforts in their home countries and regions. Intellectual Property Foreign Criminal Enforcement Training and Technical Assistance	This spending responds to a Congressional soft earmark directing the Department (INL) to fill a gap in govt- to- govt criminal enforcement training to build capacity of foreign law enforcement to cooperate with the USG in combating IPR theft. The earmark has been put in annually at the instance of key US industry rights holders who believe strong government- to- government involvement in training was a 'missing link' that needed to be filled to counter increasingly sophisticated transnational crime. Philippines Description for 2011: PHILIPPINES: IPR Training for Law Enforcement. USPTO proposes four in- country seminars for Philippine judges and prosecutors in courtroom and case management procedures in IP cases.	Other Trade Capacity Building		175,171
		Activity Total		175,171
International Air Cargo Interdiction Training	This activity promotes border security and customs operations by supporting the ability to enforce export controls and operate an international air cargo interdiction system. This activity is part of the Export Control and Related Border Security Assistance (EXBS) program, the premier initiative by the U.S. government to help other countries improve their export control systems.
