Activity Title	Activity Description	TCB Category	FY2010	FY2011
			Total	Total
Cybercrime Legislation and Capacity building	On February 15-17, 2011, 23 prosecutors, judges, police, parliament, and detectives gathered to discuss new developments in their countries' legislation to address cybercrime and electronic evidence issues. Delegations from each participating country presented reports on their country's laws related to cybercrime and electronic evidence.	Intellectual Property Rights (IPR)		73,063
		Activity Total		73,063
Senegal - Environmental and Social Mitigation Activity	This activity will improve over 350km of roads networks that are vital to creating reliable, cost-effective, and time-saving means of transporting locally-produced agricultural products to domestic and international markets year-round.	Trade-related Infrastructure	4,991,999	
		Activity Total	4,991,999	
Senegal - Roads Project-Environmental and Social Mitigation Activity	This activity will improve over 350 kilometers of road networks that are vital to creating reliable, cost-effective, and time-saving means of transporting locally-produced agricultural products to domestic and international markets year-round.	Trade-related Infrastructure	319,720,500	
		Activity Total	319,720,500	
Senegal Phytosanitary and Technical Training	Over a two year period USDA will help strengthen regulatory capabilities to protect and enhance food producing resources by working with local institutions and will therefore effectively support USAID/Senegal's economic growth and global food security response activities. USDA will mobilize experts to help targeted communities develop a local response to global food insecurity by increasing agricultural productivity and implementing sound market-based principles for agriculture.	Trade-related Agriculture	91,000	82,435
		Sanitary and Phyto-Sanitary Measures (SPS)		80,000
		Activity Total	91,000	162,435
Senegal – Irrigation and Water Resources Management Project - Construction, Supervision, and Project	This activity will improve the productivity of the agricultural sector by extending and improving the quality of the irrigation system in the Senegal River Valley. This activity will rehabilitate drainage canals and maximize the potential of the irrigated zone by increasing crop yields.	Trade-related Agriculture	163,634,900	
		Activity Total	163,634,900	
	This activity will improve the productivity of the agricultural sector by extending and improving the quality of the irrigation system in the Senegal River valley. The activity will rehabilitate drainage canals and maximize the potential of the irrigated zone by increasing crop yields.	Trade-related Agriculture	1,378,000	
		Activity Total	1,378,000	
Senegal- Irrigation and Water Resources Management Project -Land Tenure Activity	This activity will support a land tenure security activity to provide for, or maintain, a secure land tenure environment for all of the residents who will be directly affected by the project's investments.	Trade-related Agriculture	3,795,960	
		Activity Total	3,795,960	
Sesame Producers in Senegal	Technical assistance with production and a marketing campaign to an association representing more than 3,000 sesame farmers. Providing improved seeds and extension services will improve yields.	Trade-related Agriculture		208,589
		Activity Total		208,589
