South Sudan Description for 2011: The Republic of South Sudan became an independent nation on July 9, 2011, after its people voted overwhelmingly for secession in a January 2011 referendum agreed to under the 2005 Comprehensive Peace Agreement (CPA) that ended Africa's longest-running conflict of nearly 40 years. The people of South Sudan are among the worlds poorest, with more than half the population living on less than one dollar per day. Seventy-three percent of the population is illiterate, according to a recent census.	Trade-related Infrastructure		<b>46,000,000</b>
