			Total	Total
AAAS Fellows	American Academy for the Advancement of Science fellows provide specialized expertise in agriculture and natural resource management in support of the Feed the Future initiative.	Trade-related Agriculture		279,394
		Activity Total		279,394
AGCI - Financial Sector - Bankworld	Most countries do not have functioning financial systems, with interventions typically requiring rapid, short-term problem solving support. Bankworld is the only 8(a) firm to be certified as qualified for high level financial sector work through the SEGIR Financial Sector BPA selection process. This contract will enable USAID to respond rapidly to host country requests for assistance that could not be anticipated years in advance, so are not in established Mission Operating Plans.	Financial Sector Development	619,278	159,112
		Activity Total	619,278	159,112
AGCI - Infrastructure - African Infrastructure Program	AIP will focus on the power and transmission sectors through support to: 1) late-stage transactions (to increase the number of projects that are brought to financial closure), 2) SSA's four regional power pools, through the provision of longer-term enabling environment support (development of cost recovering tariffs, regulatory reforms, and measures to attract additional private investment, and 3) other efforts to strengthen energy sector institutions and provide services to urban/rural poor.	Trade-related Infrastructure	1,700,000	
		Activity Total	1,700,000	
AGCI - Infrastructure - IPR Capacity Building Technical Assistance for SSA	The overall mission of AGCI is to promote the export competitiveness of sub-Saharan Africa enterprises in order to expand African trade. This mission is to be achieved through a number of objectives, such as improving the business and regulatory environment for private sector-led trade and investment. One of the key factors to improving the business and regulatory environment for trade and investment is to strengthen intellectual property protection.	Intellectual Property Rights (IPR)	500,000	500,000
		Activity Total	500,000	500,000
AGCI - US Securities and Exchange Commission - SEC Field Support	This is an ongoing Inter-Agency Agreement between USAID and the US Securities and Exchange Commission (SEC). The African Global Competitiveness Initiative's (AGCI) financial sector program strengthens the financial services to small- and medium-sized enterprises (SMEs) and other businesses, and industry.	Financial Sector Development		100,000
		Activity Total		100,000
AGCI-Knowledge Sharing and Analysis Project	As part of the Africa Global Competitiveness Initiative, funding for a system to (1) capture the years of information, experience and best practices in trade programs implemented through the Regional Missions, (2) enhance the exchange of current data and information among USAID operating units and African institutions and governments, and (3) stimulate discussions and deliberations on program successes, options and new directions.	Other Trade Capacity Building	1,708,921	2,330,400
		Activity Total	1,708,921	2,330,400
AGOA Sanitary and Phytosanitary Capacity Building Program	Part of the Initiative to End Hunger in Africa (IEHA), Feed the Future (FTF) and the African Growth Opportunity Act (AGOA), the Sanitary and Phytosanitary (SPS) program includes capacity building in plant health, animal health, and food safety systems. The objective is to harmonize SPS regulations with international standards to enhance food security and increase export opportunities for horticultural, animal and processed food products through scientific and regulatory capacity building.	WTO Accession and Compliance	215,000	100,000
		Trade-related Agriculture	450,000	342,000
		Trade Promotion	250,000	
		Sanitary and Phyto-Sanitary Measures (SPS)	300,000	450,500

East African Community Financial Integration RTM	In FY 2011, USTDA approved \$228,998 for a reverse trade mission (RTM) that support U.S. companies seeking to provide banking and financing technologies and Services to the central banks of the East African Community (EAC). The project's objective is to encourage the implementation of financial integration in the EAC while highlighting advantages of utilizing U.S. goods and services.	Financial Sector Development		228,998
		Activity Total		228,998
East and Southern African Airspace Integration	USTDA funded a reverse trade mission (RTM) that would support US private sector participation in the implementation of airspace integration projects in East and Southern Africa and would include a delegation of 12 public and/or private sector representatives from sub-Saharan Africa's aviation sector and one Foreign Service National. This would liberalize and harmonize air transportation policies, promoting economic growth and public safety.	Trade-related Infrastructure		219,737
		Activity Total		219,737
FDA-FAS Food Defense Collaboration	FAS and FDA have expanded their partnership to provide food defense technical assistance to build global capacity to prevent deliberate tampering and contamination of the food supply by those with malicious intent, thereby safeguarding food trade and consumption. Specifically funding for: Roadshows in China and Mexico; Collaborative Exchange programs for APEC economies; and outreach to national authorities and EU, international, and multilateral institutions has been obligated in 2011. Sub Saharan Africa ns Description for 2011: FAS and FDA conducted a one-day awareness workshop on the margins of the African Codex Delegates Colloquium for African food safety experts involved in Codex Alimentarius. The purpose of the event is to raise awareness of the importance of protecting the food supply chain against intentional contamination and provide voluntary low cost/no-cost approaches to proactively protect the safety and integrity of international agricultural trade.	Trade-related Agriculture		29,857
		Activity Total		29,857
Field Support Travel	Program implementation and administration, including travel, for the Infrastructure, Agriculture, and Financial Sector portfolios of the African Global Competitiveness Initiative (AGCI) through the technical staff of the Economic Growth Agriculture and Trade Bureau (EGAT).	Other Trade Capacity Building	106,434	60,599
		Activity Total	106,434	60,599
Food Labeling Course - Ghana and 3 other countries	24 participants from industry, trade development and regulatory agencies were trained by an FDA expert and an academic professor in this 4-day course on FDA food and dietary supplement labeling regulations, open dating requirements and UPC codes. The course was held in Accra, Ghana. 7/19-22/2010	Sanitary and Phyto-Sanitary Measures (SPS)	5,000	
		Activity Total	5,000	
Food Security III	The Food Security III activity, implemented by Michigan State University, assists African governments and regional economic communities to analyze and implement policies and laws that enable private sector-based regional and domestic trading of cereals.	Trade-related Agriculture	250,000	
		Activity Total	250,000	
Foreign Service Limited	This implementing mechanism supports staff working for the U.S. Government managing, administering, and supporting programs for TCB-related activities.	Other Trade Capacity Building	187,792	311,678
		Activity Total	187,792	311,678
Fostering Agricultural Competitiveness ICT (FACET)	FACET will help USAID Sub-Saharan Africa Missions to improve competitiveness and productivity across the agriculture sub-sectors through the use of information and communication technologies. FACET is designed to provide expert technical support to USAID missions and their implementing partners.	Trade-related Infrastructure		900,000
		Activity Total		900,000

Activity Title	Activity Description	TCB Category	FY2010	FY2011
			Total	Total
FtF- IARC Food Security and Crisis Management Agreement	Through this ongoing, five-year agreement, which is managed centrally by USAID's Bureau for Economic Growth, Agriculture, and Trade, the Bureau for Africa builds strategic global development partnerships to improve African agriculture productivity. Activities are focused on building public-private partnerships to develop African seed production and distribution systems, sustainable tree crops, and livestock production and marketing systems.	Trade-related Agriculture	1,500,000	396,000
		Activity Total	1,500,000	396,000
IEHA - Comprehensive African Agricultural Development Program Support Program	The new \$12M, three-year Comprehensive African Agriculture Development Program (CAADP) support agreement is part of a multi-donor effort to meet the USG pledge to support implementation of the African-led CAADP. This agreement will seek to increase agricultural productivity by improving the enabling environment - policies, incentives, institutions, and investment plans. It will build the capacity of regional organizations to address key economic governance issues limiting regional integration.	Trade-related Agriculture	2,000,000	
		Activity Total	2,000,000	
IEHA - Initiative to End Hunger in Africa PASA	This agreement is managed by USAID's, Bureau for Africa, Office of Sustainable Development. It provides crucial technical assistance to eight priority countries and three regional programs to design, manage, and monitor the Presidential Initiative to End Hunger in Africa (IEHA). Technical staff study policy options to increase agricultural financing and improve the technical, management, and investment planning capacity of African organizations.	Trade-related Agriculture	1,000,000	2,710,000
		Activity Total	1,000,000	2,710,000
IEHA Evaluation	Final evaluation of the Initiative to End Hunger in Africa (IEHA).	Trade-related Agriculture	374,071	
		Activity Total	374,071	
IFPRI CAADP Support Phase III	This new agreement with the International Food Policy Research Institute (IFPRI) will strengthen capacities at Africa country, regional and continental levels to meet the analytical, technological and intellectual needs of the Comprehensive Africa Agriculture Development Program (CAADP).	Trade-related Agriculture	3,200,000	
		Activity Total	3,200,000	
Information Technology (IT) Assessment for Program-Funded Staff in Bureau for Africa	This assessment supports information technology (IT) costs of staff working for the U.S. Government managing, administering, and supporting programs for TCB-related activities.	Trade Promotion	97,144	
		Other Trade Capacity Building		125,000
		Activity Total	97,144	125,000
Intellectual Property Foreign Criminal Enforcement Training and Technical Assistance	This spending responds to a Congressional soft earmark directing the Department (INL) to fill a gap in gov't-to-gov't criminal enforcement training to build capacity of foreign law enforcement to cooperate with the USG in combating IPR theft. The earmark has been put in annually at the instance of key US industry rights holders who believe strong government-to-government involvement in training was a 'missing link' that needed to be filled to counter increasingly sophisticated transnational crime. Sub Saharan Africa ns Description for 2011: AFRICA SUB-SAHARAN REGIONAL: IPR training and technical assistance. DOJ proposes a four part series of workshops for sub-Saharan African LE partners, to include border enforcement, money trail, TOC involvement in CF medicines and gathering electronic evidence.	Other Trade Capacity Building	714,221	525,920
		Activity Total	714,221	525,920
Making Finance Work for Africa Partnership	The MFW4A Partnership is a common platform for harmonization and facilitation of financial sector development and knowledge sharing in Africa. The Partnership provides a platform for implementing the Paris Declaration and the Accra Agenda for Action and aims to bring together donor partners, African governments, the private sector and additional financial sector stakeholders to unleash the full potential of the financial	Financial Sector Development		500,000

Protecting the Public Health and Safety and Using IP as a Tool for Economic Development	Program for Sub-Saharan Africa. This workshop provided training related to IP protection and enforcement including topics on public health and safety, and using IP as a tool in promoting economic development as well.	Intellectual Property Rights (IPR)	219,648	
		Activity Total	219,648	
Regional Collaboration Workshop on Interagency IPR Task Forces for Kenya, Ghana, Nigeria and Liberia	Workshop to demonstrate and build capacity for national interagency coordination for IP enforcement in sub-Saharan Africa	Intellectual Property Rights (IPR)		124,700
		Activity Total		124,700
Regional Seminar on Plant Variety Protection Under the UPOV Convention	This program also included a workshop on the development of plant breeders' rights legislation for the African Regional Intellectual Property Organization (ARIPO) and member countries. This co-sponsored 2 day public awareness seminar discussed plant variety protection and the benefits of becoming UPOV members and included discussion on drafting legislation to be in conformity with UPOV convention.	Intellectual Property Rights (IPR)	22,340	
		Activity Total	22,340	
Southern Africa Railways Workshop	USTDA approved a workshop as a part of a reverse trade mission (RTM) that would support U.S. private sector participation in the implementation of rail projects in Southern Africa. The two- and-a-half day workshop would include public and private sector participants from the U.S. and Southern Africa rail sectors. The project is anticipated to have development benefits in human capacity building, infrastructure, technology transfer, and market-oriented reform.	Trade-related Services (excluding Tourism)		235,000
		Activity Total		235,000
Space Assessment for Program-Funded Personnel in the Bureau for Africa	This assessment supports office space costs of staff working for the U.S. Government managing, administering, and supporting programs for TCB-related activities.	Trade Promotion	121,691	
		Other Trade Capacity Building		161,811
		Activity Total	121,691	161,811
Sub-Saharan Workshop on Cyberspace Security in the On-Line Criminal Environment	On July 25-27, 2011 in Nairobi, Kenya 72 participants from Rwanda, Burundi, Kenya, Tanzania, and Uganda gathered for a cyber security workshop that aimed at demonstrating that cyber security requires government partnership with private stakeholders and the participation of individual users of information and communications technologies (ICT).	Intellectual Property Rights (IPR)		175,000
		Activity Total		175,000
