APEC Food Defense Pilot Program	The APEC-endorsed Food Defense Pilot Program is an ongoing collaborative effort of FAS, FSIS, FDA, Department of State, USTR, and U.S. industry. In FY11, the team completed pilot projects in Vietnam and the Philippines, as well as a regional event and a government collaborative exchange event to showcase the efforts of the 4 pilot economies to the APEC community. The program is designed to engender food defense awareness and build the capacity to prevent deliberate contamination of U.S. exports. Vietnam Description for 2011: The APEC-endorsed Food Defense Pilot Program was launched with the intent to put into practice the food defense principles endorsed by the APEC/CTTF. The Vietnam pilot project was three base phases: a relationship building phase; awareness workshops, complete with a train-the-trainer element; and follow-on food defense plan development guidance. The pilot emphasized the importance of protecting the food supply chain against intentional attack and protecting the sa	Trade-related Agriculture	36,027	35,402

Asia's Regional Response to Endangered Species Trafficking (ARREST)	This program will build capacities of law enforcement agencies and improve custom procedures across the region to combat illegal trade in threatened and endangered wildlife and strengthen implementation of national laws and the Convention on Trade in Endangered Species of Wild Fauna and Flora. Program activities will also foster enhanced regional collaboration on combatting illegal trade, through the ASEAN-Wildlife Enforcement Network and other regional organizations.	Competition Policy, Business Environment, and Governance	300,000	50,000
		Activity Total	300,000	50,000
Better Work - Global	The ILO/IFC Better Work Program improves both compliance with labor standards and competitiveness in global supply chains. Better Work supports enterprises in improving their adherence to international core labor standards and national labor law, enabling enterprises to compete in global markets where many buyers demand compliance with labor standards from their suppliers.	Trade-related Labor	511,382	
		Activity Total	511,382	
Biotechnology Regulatory Development Assistance	Regulation of agricultural biotechnology has implications for environmental and human health safety as well as agricultural trade. This activity provides a global platform for technical assistance to developing countries in Asia and Africa to develop and implement biosafety regulatory policies and practices.
